

Island Advisory Council Meeting of July 16, 2008

Location: CBITD Meeting Room at 4PM – 5PM

Present: Mike Murray, Island Liaison; Fireboat Captain, Cliff Island; and Peaks Island: Rob Tiffany

The Hazardous Waste Pickup will be held on Peaks Island at the Transfer Station on August 16, 2008 between 9am and 1pm. Check the bulletin boards for full details.

The City Manager has been authorized to establish mooring times at floats on the different city islands. He will be looking for input from the various islands before issuing updated rules for mooring times at each island's floats.

The new freight shed and waiting area on Cliff Island has been successfully completed and painted. Cliff Island also requested a final report by the City on the Patriot Day Storm damage cleanup as to what was done, the number of downed trees cleared and the time it took.

The new fireboat is coming along and is on schedule. The completion date is still holding for mid February, 2009. The Cavillarro will remain in operation once the new fireboat is delivered.

Some Councilors and many department heads will be visiting the city islands on August 21st. Times, dates and agendas are still being finalized.

The Planning Board on a 3-2 vote approved the use requested for the Great Diamond Island Hotel Condominium project. Site plan approval is still required. The process has slowed down to be more thorough since completion and usage cannot occur in time for the Summer of 2009.
